

Welcome to an Adventure!

Sun City Mission Possible

"I decided that adventure was the best way to learn..."
Lloyd Alexander

*"It is only in adventure that some people succeed in knowing
themselves - in finding themselves."*
André Gide

Our Amazing Race Teambuild proposed program is laid out below for your review:

The theme for the race is "Mission Possible" and as such all activities would speak to this both in the way they are positioned and the goals to achieve.

READY, STEADY, GO!

Sun City is a fabulous venue for the Amazing Race, with the extent of the grounds and the beautiful scenery and setting.

The teams get to compete against each other, with a fantastic series of challenges including a simulation of Apollo13 simulation using two way radios, sms clues, brain teaser challenges and a proper pirate style treasure hunt in the valley of the waves.

The challenges, brain teasers and clues lead them to all the choice areas of Sun City as well as the Lost City.

How it works:

We start out on one of the lawns for a brief, energising and fun ice breaker. We then split the group into teams. Each team is presented with a Mission Possible Race Pack. This pack contains instructions and the tools required for the adventure. (Maps, GPS, photo's sms numbers, bandanas etc). They will also be provided with a snack and water for the adventure.

The instructions are given and teams take 10 minutes to learn the tools and strategise a plan of action. Then off they go on the Amazing Race Adventure.

All the teams will start at the same time departing in different directions. Teams will interact with each other at various stations, competing to get ahead. The program is structured in such a way as to ensure teams will interact against different teams at all times.

A final code breaker using previous clues, answers, and photos collected along the way will lead them to the final point. First team there wins the race!

Halt Card

Each team will have a halt card where they have the option of stopping the opposing team for a specified amount of time during the race, or they can use it to buy the same amount of time back for themselves.

Fast Track

As part of the Chase pack there will be a string Puzzle which when it is solved can be presented to an activity facilitator which then allows the team to forego the activity and fast track onto the next activity.

The destination clues

The clues to each destination is in one of five categories

1. A point indicated on a map.
2. A printed small window of a map.
3. GPS
4. A compass bearing and distance.
5. A cryptic clue based on the history or geography of the area.
6. A photograph of some feature.

The challenge activities:

The adventure would consist of 9 stations, and the activities will revolve around successful missions in the past.

Activity Number	MISSION POSSIBLE!!	Link to Theme:
1	Apollo 13: Two way radios and a challenging task with a time limit makes this a tense and exciting challenge.	The Successful Failure!
2	Retrieval	The Shackleton Way
3	Obstacle course 	No successful mission comes without teamwork and overcoming challenges!
4	Brain Aerobics – The name says it all. A collection of brain teasers, classic wooden 3D puzzles, make this a memorable challenge.	The Pen is mightier than the sword – Link to stories of great thinkers who have added to man's success.
5	Pulling Strings: One of our client favourites! 	Success requires Focus and GREAT communication skills.
6	Mission X – challenge with a twist and a few red herrings.	Link to surviving the recession through innovative thinking
7	Memory Game	Success requires careful competitor analysis/
8	Water Containers	Clue is taken from “Die Hard” movie which is a picture of resilience and “never give up” attitude
9	Orienteering and treasure around the Valley of the Waves: The setting makes this a true Pirate style treasure hunt with maps, compass and cryptic clues to find X!	Exploration of the world, sea and space

Winning Teams

Teams will be awarded Prizes as follows:

- First team in.(Winning Team)

Prizes can be discussed with the client.
