*"It is only in adventure that some people succeed in knowing  
themselves - in finding themselves."*  
André Gide

Thank you very much for affording us the opportunity to provide you with an Amazing Race Proposal.

This is our standard package and can be adapted to suit your individual needs.

This Amazing Race is a stunning option that allows the team to see some of the best venues on their doorstep. Please see detail and costing below.

### Theme

We can theme the race to align with your vision and mission, or any other theme you prefer. Alternatively, we use a "Mission Possible" theme for our standard package

### Logistics:

Our programs are tailor made and flexible to suit your requirements. The programme below details a half day amazing race, starting at 09h00 at one of our venues or **your offices** (Dependant on budget) and ending there at between 14h00-15h00.

### The Race

The adventure can start either at your own offices (Good for saving money) or at one of our venues (Venue fee's involved). An ice breaker gets the group excited about the adventure ahead.

- The group would be split into teams of 4/5 people per team and will start together at the chosen start venue. They will be briefed and issued with an on foot GPS, Map and compass and will be coached on the use of the equipment.
- Each participant will also be issued with a snack pack for the day.
- Each team will receive a starting puzzle, which once solved will allow them to begin the race. The teams will then follow a course where they may meet up with other teams however they will not know how they are doing in relation to the other teams, as each team will have a different program for the activities, and all teams may be going to different venues (This is to avoid congestion at any one venue at any point)

## **Destinations:**

Each team will be given their next destination on completion of a task or puzzle at each waypoint. We have set the program with 5 destinations per team out of the following list: This list can be changed to suit your requirements.

- Hop on hop off
- Rondevlei Nature Reserve
- Camel ride
- Company's Gardens
- V&A Waterfront
- Earth fair market
- Scratch patch
- Cave golf
- Urban park
- Silvermine
- Groot Constantia
- Cool runnings
- Helderberg nature reserve
- MTN Science centre
- Truth coffee shop
- Toy museum
- And much more to choose from...

## **The destination clues**

The clues to each destination would be one of two categories

1. Map reference either by GPS coordinates, or printed small window of a map.
2. A cryptic clue based on the history or geography of the area, or well known landmark.

## **Challenge Activities**

Challenge activities will involve some of our fun, popular team based activities, or a treasure hunt/orientation around the venue.

## **Facilitators**

Corporate Adventures will provide a team of facilitators for the event:

- 1 overall program manager
- Program managers with vehicles who will manage 2-3 teams each, and be able to get to them quickly in case they are lost or need any assistance.
- 1-2 facilitators per waypoint depending on the activities

## **Prizes:**

The winning team is the first one to solve the final cryptic clue and reach the final destination. Prizes will be awarded to:

- First, second third place
- Team with the most spirit
- Team least likely to make it on Survivor (Fun booby prize)
