Thank you very much for affording us the opportunity to provide you with an Amazing Race Proposal for your team.

The Amazing Race is a stunning option that allows the team to see some of the best venues in the area.

Please see detail and costing below.

Theme

We can theme the race to align with your vision and mission, or any other theme you prefer. Alternatively, we use a "Mission Possible" theme for our standard package

Logistics:

Our programs are tailor made and flexible to suit your requirements.

The Race

An ice breaker gets the group excited about the adventure ahead.

- The group would be split into teams and will start together at the chosen start venue. They will be briefed and issued with a vehicle (and driver) *not included in quoted price*, Map and compass and will be coached on the use of the equipment.
- Each team will receive a starting puzzle, which once solved will allow them to begin the race. The teams will then follow a course where they may meet up with other teams however they will not know how they are doing in relation to the other teams, as each team will have a different program for the activities, and all teams may be going to different venues (This is to avoid congestion at any one venue at any point)

Destinations:

Each team will be given their next destination on completion of a task or puzzle at each waypoint. We have set the program with **5 destinations** per team.

Keeping Safe:

Immediate disqualification for any team observed drinking and driving, or exceeding the speed limit over a certain amount (As per metro laws).

The destination clues

The clues to each destination would be one these categories

1. Map reference either by GPS coordinates (participants can use their phones), or printed small window of a map, QR code etc
2. A cryptic clue based on the history or geography of the area, or well-known landmark.
3. Product information provided by the client
4. Photo clue

Challenge Activities

Challenge activities will involve some of our fun, popular team based activities, or a treasure hunt/orientation around the venue.

Vehicles:

Vehicles can be hired or participants can use their own vehicles.

Facilitators

Corporate Adventures will provide a team of facilitators for the event:

- 1 overall program manager with a vehicle
- 1 facilitators per waypoint depending on the activities

Prizes:

The winning team is the first one to solve the final cryptic clue and reach the final destination. Prizes will be awarded to:

- First, second third place
- Team with the most spirit
- Team least likely to make it on Survivor (Fun booby prize)

Sample Program:

| Sandton Amazing Race Program | | | | | | |
|------------------------------|--|------------------------|------------------------|------------------------|------------------------|------------------------|
